First things first

We would like to thank you for making an Acer notebook your choice for meeting your mobile computing needs.

Your guides

To help you use your Acer notebook, we have designed a set of guides*:

First off, the Quick Guide helps you get started with setting up your computer.

The Application Manual introduces you to the basic features and functions of your new computer. For more on how your computer can help you to be more productive, please refer to the AcerSystem User Guide. This guide contains detailed information on such subjects as system utilities, data recovery, expansion options and troubleshooting. In addition it contains warranty information and the general regulations and safety notices for your notebook. It is available in Portable Document Format (PDF) and comes preloaded on your notebook. Information for your safety and comfort.

Note: Viewing the file requires Adobe Reader. If Adobe Reader is not installed on your computer, clicking on AcerSystem User Guide will run the Adobe Reader setup program first. Follow the instructions on the screen to complete the installation. For instructions on how to use Adobe Reader, access the Help and Support menu.

*** IMPORTANT NOTICE:** Please note that the guides mentioned herein, whether in printed or electronic form, are for your reference only and except as provided in the specific warranty information contained in the AcerSystem User Guide nothing contained in these guides shall constitute a representation or warranty by Acer with regard to the product you purchased. Acer expressly disclaims any liability for errors contained in the guides.

Network configuration

This guide will help you configure your LAN and wireless network settings to enable you to connect to the Internet.

Setting up LAN connection

Simply plug in the LAN cable to the Ethernet (RJ-45) port. Please refer to "Left view" on page 10 for the location of the Ethernet port.

Setting up wireless connection

1. Please switch on the wireless LAN using the switch on the front of your *Aspire one*.
2. Click the  icon on your system tray and choose the wireless access point you want to connect to.

Insert a 3G SIM card

Remove the battery and carefully insert a 3G SIM card into the 3G SIM card slot. Please refer to "Base view" on page 11 for the location of the 3G SIM card slot.

Your Aspire one tour
