

Software

The following section contain a list of pre-loaded software available with your notebook. Please refer to their on-line help documentation for more information. It is also wise to backup your utility software as early as possible. Please refer to section 1.4 for more information on creating backup disks.

5.1 System Software

The notebook comes preloaded with the following software:

- Windows 95
- System utilities for Windows95
 - Sleep Manager
 - Notebook Manager
 - SafeOff
 - T-Dial
 - Display drivers
 - Audio drivers
- Applications
 - PC-Cillin US Version

5.2 SafeOff

The SafeOFF provides protection from accidental power off. If you accidentally press the power switch, a dialog box pops up for confirmation.

- If you select **No**, the dialog closes and the system does not power off.
- If you select **Yes**, SafeOFF will request Windows 95 to shutdown the computer. Opened files can be saved and closed safely.
- If none of the alternatives is chosen, SafeOFF waits for 30 seconds and shuts down the computer.
