UNLEASH THE TRUE POWER OF COLLABORATION

Yealink VP530, the latest innovation of enhanced and advanced executive IP video phone, its seamlessly unifying audio and video applications allow you to unleash the power of collaborative technologies to enhance the professionalism and productivity of your business communications. Easy to use and rich in empowering business features VP530 an ideal all-in-one tool for various executive and managerial environments, including Blue Chip, SME, SOHO, public sector offices, etc. With its excellent user experience and rich business features, VP530 creates an immersive, face-to-face experience over the network, empowering users collaborate with each other like never before.

VP530
IP Video Phone

- TI DaVinci dual-core chipset, 2M CMOS camera
- 7" 800x480 digital LCD, Touch screen
- HD Voice, Full-duplex speakerphone
- H.264 and H.263 video codec supported
- 4 VoIP accounts, local 3-way video conferencing
- BLF, Intercom, 18 one-touch soft DSS keys
- 3-touch contacts search and intelligent fast search
- XML/ LDAP phonebook
- Door phone application
- FTP/ TFTP/ HTTP/ HTTPS/ PnP Auto-provision
- SRTP/ TLS/ DNS SRV, VLAN QoS, DSCP, ToS,
- PoE, 2xRJ45, 1xUSB, 1xSD, Headset

Video Phone Series

IP DECT Phone W52P

Yealink IP DECT Phone SIP-W52P, SIP Cordless Phone System, is designed for small business users who are looking for immediate cost saving but scalability and exquisite experience. Equipping with a high-quality TFT color display and high definition speakerphone, it provides a clear view from all angles and ensures effective communication. Supporting 4 simultaneous calls on per base, and offering professional features like intercom, transfer, 3-way conferencing, speed dial, etc., it works well with Broadsoft, Asterisk, 3CX and supports quick and easy configuration.

W52
DECT Phone

- 1.8" color display with intuitive user interface
- Support for 4 simultaneous network conversations
- HD Voice (G.722) on DECT radio
- Full-duplex hands-free speaker phone on cordless handset
- Up to 300m outdoors, 50m indoors
- ECO DECT with no radiation1
- Up to 5 cordless handsets
- Up to 500 phonebook in base, synchronization with handsets via DECT radio
- Compatible with Asterisk and BroadSoft
- Wall mountable base unit
- PoE integrated

DECT Phone Series

Gigabit Color IP Phone T3 Series

SIP-T3 Series IP Phone is Yealink latest innovation for managers with demanding collaborative communication needs. For managers, it is a future-proofing network investment which supports seamless migration to GigE-based network infrastructure. Dual-port Gigabit Ethernet is designed for flexible deployment options and lower cabling expenses. With its high-resolution TFT color display, The T38G IP Phone offers a brilliant depiction of caller's information and the user interface was designed for clarity and intuitive operation. Moreover, Equipped with the TI Aries chipset, HD handset, HD speaker and HD codec (G.722), The T38G IP Phone offers an unrivaled, lifelike audio experience. Additionally, T38G IP Phone includes a host of telephony features to increase efficiency.

SIP-T38G
Gigabit Color Phone

- TI Aries chipset and TI voice engine
- Dual-port Gigabit Ethernet (Router & Switch)
- Power over Ethernet
- Supports IPv6
- 4.3" TFT-LCD, 480 x 272 pixel, 16.7M colors
- Color Picture Caller-ID
- Convenient and intuitive user structure
- Headset, EHS support, LCD Expansion module
- Broad and deep interoperability

SIP-T32G
Gigabit Color Phone

- TI Aries chipset and TI voice engine
- Dual-port Gigabit Ethernet (Router & Switch)
- Power over Ethernet
- Supports IPv6
- 3" TFT-LCD, 400 x 240 pixel, 262K colors
- Color Picture Caller-ID
- Convenient and intuitive user structure
- Headset
- Broad and deep interoperability
